A SELECTION OF ALUMINIUM PRODUCTS COMING SOON
THAT OPEN UP OPPORTUNITIES INTO NEW MARKETS

THE CONTINENTAL COLLECTION

Smart is an integral member of the internationally renowned Corialis Group, Europe’s leading supplier of aluminium systems, with our operation in the UK joined by sister companies in France, Poland, Belgium, Spain and Portugal.

With sustainability at the heart of its design, manufacturing and distribution operations, Corialis offers a wide range of products and systems to customers worldwide. Included in the group’s extensive portfolio are high-quality, high-performance windows, doors, roofing, curtain walling and façade systems for the building envelope; pergolas, conservatories, railings, staircases, gates and shading systems for external applications; and internal and fire-resistant doors and partition walls for building interiors.

Selecting products from across the Group, we have assembled our new Continental Collection, a range of products chosen to complement the existing Smart portfolio. This new Collection provides our customers with an even greater choice of products

and systems, with the suite of products enabling them to access new markets and opening up new opportunities in the outdoor living, landscaping and associated market sectors.

Drawing on the Corialis Group’s global experience in aluminium and its extensive expertise in product development, the exciting new Continental Collection has been tailored specifically for the UK market.
